A SPY AMONG FRIENDS: KIM PHILBY AND GREAT BETRAYAL By Ben ... The gadgets used by British spies in WWII: Matchbox-sized camera and wire cutter disguised as a pipe among collection of tools given to SOE agents by MI9 that are now up for sale

"Reads like a story by Graham Greene, Ian Fleming, or John Le Carré, leavened with a dollop of P.G. Wodehouse . . . [Macintyre] takes a fresh look at the grandest espionage drama of our era."--New York Times Book Review Master storyteller Ben Macintyre's thrillingly ambitious A Spy Among Friends tackles the greatest spy story of all: the rise and fall of Kim Philby, MI6's Cambridge-bred golden boy who used his perch high in the intelligence world to betray friend and country to the Soviet Union for over two decades. In Macintyre's telling, Philby's story is not a tale of one spy, but of three: the story of his complex friendships with fellow Englishman operative Nicholas Elliott and with the American James Jesus Angleton, who became one of the most powerful men in the CIA. These men came up together, shared the same background, went to the same schools and clubs, and served the same cause--or so Elliott and Angleton thought. In reality, Philby was channeling all of their confidences directly to his Soviet handlers, sinking almost every great Anglo-American spy operation for twenty years. Even as the web of suspicion closed around him, and Philby was driven to greater lies and obfuscations to protect his secret, Angleton and Elliott never abandoned him. When Philby's true master was finally revealed with his defection to Moscow in 1963, it would have profound and devastating consequences on these men who thought they knew him best, and the intelligence services they helped to build. This remarkable story--now available as a paperback and told with heart-pounding suspense and keen psychological insight, and based on personal papers and never-before-seen British intelligence files, is Ben Macintyre's best book yet, and a high-water mark in Cold War history telling.

NEW YORK TIMES BESTSELLER • The true story of Kim Philby, the Cold War's most infamous spy, from the master espionage writer and author of *The Spy* and the *Traitor*. Who was Kim Philby? Those closest to him—like his fellow MI6 officer and best friend since childhood, Nicholas Elliot, and the CIA’s head of counterintelligence, James Jesus Angleton—knew him as a loyal confidant and an unshakeable patriot. Philby was a brilliant and charming man who rose to head Britain’s counterintelligence against the Soviet Union. Together with Elliott and Angleton he stood on the front lines of the Cold War, holding Communism at bay. But he was secretly betraying them both: He was working for the Russians the entire time. Every word uttered in confidence to Philby by his colleagues in the West made its way to Moscow, leading countless missions to their doom and subverting American and British attempts to subdue the Soviet threat. So how was this cunning double-agent finally exposed? In *A Spy Among Friends*, Ben Macintyre expertly weaves the heart-pounding tale of how Philby almost got away with it all—and what happened when he was finally unmasked. Based on personal papers and never-before-seen British intelligence files, this is Ben Macintyre’s epic telling of one of the greatest spy stories ever, a Cold War history that will keep you on the edge of your seat.

From bestselling author Ben Macintyre, the true untold story of history's most famous traitor

Master storyteller Ben Macintyre's most ambitious work to date presents the definitive telling of the most legendary spy story of the 20th century. A Spy Among Friends, Ben Macintyre's thrillingly ambitious new book, tackles the greatest spy story of all: the rise and fall of Kim Philby, MI6's Cambridge-bred golden boy who used his perch high in the intelligence world to betray friend and country to the Soviet Union for over two decades. In Macintyre's telling, Philby's story is not a tale of one spy, but of three: the story of his complex friendships with fellow Englishman operative Nicholas Elliott and with the American James Jesus Angleton, who became one of the most powerful men in the CIA. These men came up together, shared the same background, went to the same schools and clubs, and served the same cause--or so Elliott and Angleton thought. In reality, Philby was channeling all of their confidences directly to his Soviet handlers, sinking almost every great Anglo-American spy operation for twenty years. Even as the web of suspicion closed around him, and Philby was driven to greater lies and obfuscations to protect his secret, Angleton and Elliott never abandoned him. When Philby's true master was finally revealed with his defection to Moscow in 1963, it would have profound and devastating consequences on these men who thought they knew him best, and the intelligence services they helped to build. This remarkable story, told with heart-pounding suspense and keen psychological insight, and based on personal papers and never-before-seen British intelligence files, is Ben Macintyre's best book yet, and a high-water mark in Cold War history telling.

Kim Philby was the most notorious British defector and Soviet mole in history. Agent, double agent, traitor and enigma, he betrayed every secret of Allied operations to the Russians in the early years of the Cold War. Philby's two closest friends in the intelligence world, Nicholas Elliott of MI6 and James Jesus Angleton, the CIA intelligence chief, thought they knew Philby better than anyone, and then discovered they had not known him at all. This is a story of intimate duplicity; of loyalty, trust and treachery, class and conscience; of an ideological battle waged by men with cut-glass accents and well-made suits in the comfortable clubs and restaurants of London and Washington; of male friendships forged, and then systematically betrayed. With access to newly released MI5 files and previously unseen family papers, and with the cooperation of former officers of MI6 and the CIA, this definitive biography unlocks what is perhaps the last great secret of the Cold War.

"Ben Macintyre's rollicking, spellbinding Agent Zigzag blends the spy-versus-spy machinations of John le Carré with the high farce of Evelyn Waugh."—William Grimes, *The New York Times* (Editors' Choice) "Wildly improbable but entirely true . . . [a] compellingly cinematic spy thriller with verve."—*Entertainment Weekly* NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY ENTERTAINMENT WEEKLY AND ONE OF THE BEST BOOKS OF THE YEAR BY THE NEW YORK TIMES BOOK REVIEW AND THE WASHINGTON POST Eddie Chapman was a charming criminal, a con man, and a philanderer. He was also one of the most remarkable double agents Britain has ever produced. In 1941, after training as German spy in occupied France, Chapman was parachuted into Britain with a revolver, a wireless, and a cyanide pill, with orders from the Abwehr to blow up an airplane factory. Instead, he contacted MI5, the British Secret service, and for the next four years, Chapman worked as a double agent, a lone British spy at the heart of the German Secret Service. Inside the traitor was a man of loyalty; inside the villain was a hero. The problem for Chapman, his spymasters, and his lovers was to know where one persona ended and the other began. Based on recently declassified files, Agent Zigzag tells Chapman's full story for the first time. It's a gripping tale of loyalty, love, treachery, espionage, and the thin and shifting line between fidelity and betrayal.

NEW YORK TIMES BESTSELLER • The celebrated author of *Double Cross* and *Rogue Heroes* returns with his greatest spy story yet, a thrilling Americans-era tale of Oleg Gordievsky, the Russian whose secret work helped hasten the end of the Cold War. “The best true spy story I have ever read.”—JOHN LE CARRÉ Named a Best Book of the Year by *The Economist* • Shortlisted for the Baillie Giffords Prize in Nonfiction If anyone could be considered a Russian counterpart to the infamous British double-agent Kim Philby, it was Oleg Gordievsky. The son of two KGB agents and the product of the best Soviet institutions, the savvy, sophisticated Gordievsky grew to see his nation's communism as both criminal and philistine. He took his first posting for Russian intelligence in 1968 and eventually became the Soviet Union's top man in London, but from 1973 on he was secretly working for MI6. For nearly a decade, as the Cold War reached its twilight, Gordievsky helped the West turn the tables on the KGB, exposing Russian spies and helping to foil countless intelligence plots, as the Soviet leadership grew increasingly paranoid at the United States's nuclear first-strike capabilities and brought the world closer to the brink of war. Desperate to keep the circle of trust close, MI6 never revealed Gordievsky's name to its counterparts in the CIA, which in turn grew obsessed with figuring out the identity of Britain's obviously top-level source. Their obsession ultimately doomed Gordievsky: the CIA officer assigned to identify him was none other than Aldrich Ames, the man who would become infamous for secretly spying for the Soviets. Unfolding the delicious three-way gamesmanship between America, Britain, and the Soviet Union, and culminating in the gripping cinematic beat-by-beat of Gordievsky's nail-biting escape from Moscow in 1985, Ben Macintyre's latest may be his best yet. Like the greatest novels of John le Carré, it brings readers deep into a world of treachery and betrayal, where the lines bled between the personal and the professional, and one man's hatred of communism had the power to change the future of nations.

The incredible untold story of WWII's greatest secret fighting force, as told by our great modern master of wartime intrigue Britain's Special Air Service—or SAS—was the brainchild of David Stirling, a young, gadabout aristocrat whose aimlessness in early life belied a remarkable strategic mind. Where most of his colleagues looked at a battlefield map of World War II's African theater and saw a protracted struggle with Rommel's desert forces, Stirling saw an opportunity: given a small number of elite, well-trained men, he could parachute behind enemy lines and sabotage their airplanes and war material. Paired with his constitutional opposite, the disciplined marinein Jock Lewes, Stirling assembled a revolutionary fighting force that would upend not just the balance of the war, but the nature of combat itself. He faced no little resistance from those who found his tactics ungentlemanly or beyond the pale, but in the SAS's remarkable exploits facing the Nazis in the Africa and then on the Continent can be found the seeds of nearly all special forces units that would follow. Bringing his keen eye for psychological detail to a riveting wartime narrative, Ben Macintyre uses his unprecedented access to SAS archives to shine a light inside a legendary unit long shrouded in secrecy. The result is not just a tremendous war story, but a fascinating group portrait of men of whom history and country asked the most.

The number one bestselling author of *Agent Zigzag* and *Operation Mincemeat* exposes the true story of the D Day Spies.

Perhaps no twentieth century writer was so observant and elegant a chronicler of his times as Truman Capote. Whether he was profiling the rich and famous or creating indelible word-pictures of events and places near and far, Capote's eye for detail and dazzling style made his reportage and commentary undeniable triumphs of the form. *Portraits and Observations* is the first volume devoted solely to all the essays ever published by this most beloved of writers. From his travel sketches of Brooklyn, New Orleans, and Hollywood, written when he was twenty-two, to meditations about fame, fortune, and the writer's art at the peak of his career, to the brief works penned during the isolated denouement of his life, these essays provide an essential window into mid-twentieth-century America as offered by one of its canniest observers. Included are such celebrated masterpieces of narrative nonfiction as "The Muses Are Heard" and the short nonfiction novel "Handcarved Coffins," as well as many long-out-of-print essays, including portraits of Isak Dinesen, Mae West, Marcel Duchamp, Humphrey Bogart, and Marilyn Monroe. Among the highlights are "Ghosts in Sunlight: The Filming of *In Cold Blood*," "Preface to Music for Chameleons, in which Capote candidly recounts the highs and lows of his long career, and a playful self-portrait in the form of an imaginary self-interview. The book concludes with the author's last written words, composed the day before his death in 1984, the recently discovered "Remembering Willa Cather," Capote's touching recollection of his encounter with the author when he was a young man at the dawn of his career. *Portraits and Observations* puts on display the full spectrum of Truman Capote's brilliance. Certainly, Capote was, as Somerset Maugham famously called him, "a stylist of the first quality." But as the pieces gathered here remind us, he was also an artist of remarkable substance.
