Captain of the Sleepers eBook by Mayra Montero ...

Having forgotten much of the plot and my ultimate verdict on it, I decided to revisit Captain Of The Sleepers to see if it was worth continuing to keep on said shelf. Overall, the story itself was foreboding and mercurial. The ominous sentiment of looming gloom colored every action and interaction within the novel.

The classic reference work that provides annually updated information on the countries of the world.

This book was originally published in 1934. Its aim is to discover and explain the underlying principles at work in the political structure of the Irish Free State. It is an analysis and examination of Democracy, in the light of more than twelve years of practical experience, the peculiar virtues and vices which Representative Government has displayed in the country.

Excerpt from The Irish Revolution: And How It Came About When the United Irish League re-established the Political Unity broken up for ten years by the Parnell Split of 1890, the miracle (see page 18) was followed up by a movement for a Wider National Unity, the effects of which are only now beginning to be understood. Its aim was the daring one of reconciling the two antagonistic hosts Of the Land War, and combining them for the crowning achievement of a National Settlement by consent. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

Thomas Paine was one of the most remarkable political writers of the modern world and the greatest radical of a radical age. Through writings like Common Sense—and words such as "The sun never shined on a cause of greater worth," "We have it in our power to begin the world over again," and "These are the times that try men's souls"—he not only turned America's colonial rebellion into a revolutionary war but, as Harvey J. Kaye demonstrates, articulated an American identity charged with exceptional purpose and promise.

This unique Library gives teachers and specialists a stimulating, systematic way to develop positive social behaviors in students of all abilities, grades 4–12. Included are over 125 tested lessons and reproducible worksheets in two separately printed, self-contained volumes, each tailored to the developmental needs of students at a particular grade level, 4–6 or 7–12. For easy use, the lessons in each volume follow a uniform format, including titles, behavioral objective, and simple 8-step lesson plan. The lesson activities and worksheets are based on real-life situations and help build students' self-esteem, self-control, and respect for the rights of others.

Who, if anyone, was responsible when Virginia Woolf wandered across the water-meadows and threw herself in the river Ouse? By examining the various strains which led to Woolf's tragically ending her life – the true nature of her marriage, her complex relationship with Vita Sackville-West, the pangs of sexual insecurity, and the lack of self-esteem –noted psychoanalyst Alma H. Bond illustrates how these influences coalesced to bring Woolf's life to a logical ending. "...a masterpiece of its kind—a brilliant, original book that not only gives the reader new understanding of why Virginia Woolf committed suicide but also brings him new depths in the understanding of his own life...A flowing, emphatic style of writing that keeps you turning the page to learn more of the torment in Woolf's life from infancy on that drove her to kill herself." –Lucy Freeman, past President of Mystery Writers of America and author of The Beloved Prison: A Journey Through the Unknown Mind (St. Martin's Press, 1989) "Alma Bond's work on Virginia Woolf and the relationship between her early life experience and her profound creative talents is a tour de force." –Natatie Shainess, M.D., New York, New York "Outstanding—a profound and in-depth presentation." –Barry M. Panter, M.D., Ph.D., President, American Institute of Medical Education, Burbank, California

On the northwest coast of France, just around the corner from the English Channel, is the little town of Locmariaquer (pronounced "loc-maria-care"). The inhabitants of this town have a special relationship to the world, for it is their efforts that maintain the supply of the famous Belon oysters, called les plates ("the flat ones"). A vivid account of the cultivation of Belon oysters and an excursion into the myths, legends, and rich, vibrant history of Brittany and its extraordinary people, The Oysters of Locmariaquer is also an unforgettable journey to the heart of a fascinating culture and the enthralling, accumulating drama of a unique devotion.
