Study The Home Project  
Complexity is a vital part of social and behavioral science research. This engaging text provides an effective process for studying multiple cases--such as sets of teachers, staff development sessions, or clinics operating in different locations--within one complex program.

# Read Book

## Carmen A Case

The process also can be used to investigate broadly occurring phenomena without programmatic links, such as leadership or sibling rivalry.

Readers learn to design, analyze, and report studies that balance common issues across the group of cases with the unique features
