Grace's memoir is a little like movies that can't figure out what they want to be and the tone flip flops around, never sticking to one. Coddington clearly has had an amazing life and she shows us a slice of cultural history from the inside and if you are interested in the fashion/modeling world during the early days, you will enjoy the book.

Beautiful. Willful. Charming. Blunt. Grace Coddington's extraordinary talent and fierce dedication to her work as creative director of Vogue have made her an international icon. Known through much of her career only to those behind the scenes, she might have remained fashion's best-kept secret were it not for The September Issue, the acclaimed 2009 documentary that turned publicity-averse Grace into a sudden, reluctant celebrity. Grace's palpable engagement with her work brought a rare insight into the passion that produces many of the magazine's most memorable shoots. With the witty, forthright voice that has endeared her to her

colleagues and peers for more than forty years, Grace now creatively directs the reader through the storied narrative of her life so far. Evoking the time when models had to tote their own bags and props to shoots, Grace describes her early career as a model, working with such world-class photographers as David Bailey and Norman Parkinson, before she stepped behind the camera to become a fashion editor at British Vogue in the late 1960s. Here she began creating the fantasy “travelogues” that would become her trademark. In 1988 she joined American Vogue, where her breathtakingly romantic and imaginative fashion features, a sampling of which appear in this book, have become instant classics. Delightfully underscored by Grace’s pen-and-ink illustrations, Grace will introduce readers to the colorful

designers, hairstylists, makeup artists, photographers, models, and celebrities with whom Grace has created her signature images. Grace reveals her private world with equal candor—the car accident that almost derailed her modeling career, her two marriages, the untimely death of her sister, Rosemary, her friendship with Harper's Bazaar editor-in-chief Liz Tilberis, and her thirty-year romance with Didier Malige. Finally, Grace describes her abiding relationship with Anna Wintour, and the evolving mastery by which she has come to define the height of fashion. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY FINANCIAL TIMES “If Wintour is the Pope . . . Coddington is Michelangelo, trying to paint a fresh version of the Sistine Chapel twelve times a year.”—Time

“As a writer, Wearing is all luscious texture and running narrative.” — The Globe and Mail Moments of Glad Grace is a moving and witty memoir of aging, familial love, and the hunt for roots and belonging. The story begins as a trip from Canada to Ireland in search of genealogical data and documents. Being 80 and in the early stages of Parkinson’s Disease, Joe invites his daughter Alison to come along as his research assistant, which might have worked very well had she any interest — any at all — in genealogy. Very quickly, the father-daughter pilgrimage becomes more comical than fruitful, more of a bittersweet adventure than a studious mission. And rather than rigorous genealogy, their explorations move into the realm of family and forgiveness,

the primal search for identity and belonging, and questions about responsibility to our ancestors and the extent to which we are shaped by the people who came before us. Though continually bursting with humor, Moments of Glad Grace ultimately becomes a song of appreciation for the precious and limited time we have with our parents, the small moments we share, and the gifts of transcendence we might find there.

Winner of The Restless Books Prize for New Immigrant Writing "Grace Talusan writes eloquently about the most unsayable things: the deep gravitational pull of family, the

complexity of navigating identity as an immigrant, and the ways we move forward even as we carry our traumas with us. Equal parts compassion and confession, *The Body Papers* is a stunning work by a powerful new writer who—like the best memoirists—transcends the personal to speak on a universal level.” —Celeste Ng, author of *Everything I Never Told You* and *Little Fires Everywhere* Born in the Philippines, young Grace Talusan moves with her family to a New England suburb in the 1970s. At school, she confronts racism as one of the few kids with a brown face. At home, the confusion is worse: her grandfather’s nightly visits to her room leave her hurt and terrified, and she learns to build a protective wall of silence that maps onto the larger silence practiced by her Catholic Filipino family. Talusan learns as a teenager that her

family's legal status in the country has always hung by a thread—for a time, they were “illegal.” Family, she's told, must be put first. The abuse and trauma Talusan suffers as a child affects all her relationships, her mental health, and her relationship with her own body. Later, she learns that her family history is threaded with violence and abuse. And she discovers another devastating family thread: cancer. In her thirties, Talusan must decide whether to undergo preventive surgeries to remove her breasts and ovaries. Despite all this, she finds love, and success as a teacher. On a fellowship, Talusan and her husband return to the Philippines, where she revisits her family's ancestral home and tries to reclaim a lost piece of herself. Not every family legacy is destructive. From her parents, Talusan has learned to tell stories in order to

continue. The generosity of spirit and literary acuity of this debut memoir are a testament to her determination and resilience. In excavating such abuse and trauma, and supplementing her story with government documents, medical records, and family photos, Talusan gives voice to unspeakable experience, and shines a light of hope into the darkness.

Grace Coddington, the passionate and flame-haired doyenne of fashion. It is said that she has the knack of being in the right place at the right time; that she can predict a trend; turn a piece of clothing into a best-seller which flies off the racks; spot the most talented new photographers, and break out models who epitomize the look of the moment. What is

certainly true is that clothes inspire Grace to tell stories; and she has told hundreds of them over the 50 years she has spent in the fashion industry with pictures realised in careful collaborations. And now, here, she tells her own story.

Beginning in wartime Anglesey, *Grace: A Memoir* follows her trajectory from London in the swinging Sixties, to Paris at the start of the ready-to-wear revolution, and on to America in the late 1980's when the era of power-dressing and the supermodel began, and the centre of gravity in the fashion world shifted from Europe to the US. More than simply a memoir, this is a cultural history of the last half century, populated by the beautiful people - the models, actors, designers and photographers who make up Grace's world. Along the way Grace shares her forthright views on

everything from plastic surgery, cats, photography in the digital era and the nature of beauty.

In this remarkable tale of hope and survival, Hannah Luce tells how, as the sole survivor of a terrible plane crash, she came to grips with her faith: “a calamitous, fascinating memoir, written with surprising spiritual sophistication” (Publishers Weekly, starred review). On May 11, 2012, a small plane carrying five young adults, en route to a Christian youth rally, crashed in a Kansas field, skidding 200 yards before hitting a tree and bursting into flames. Only two survived the crash: ex-marine Austin Anderson, who would die the next morning from extensive burns, and his friend Hannah Luce, the daughter of Teen Mania founder and

influential youth minister Ron Luce. This is Hannah's story. In *Fields of Grace*, Hannah details the investigation of her faith, her coming-of-age as the dutiful daughter of Evangelical royalty, her decision to join her father's ministry outreach to teens, and her miraculous survival and recovery following the accident. It also serves as a tribute and testament to the lives of the dear friends who perished in the catastrophic plane crash and reveals how their memory continues to inspire all that she does. Here is the "riveting personal account" (Booklist) of a girl who grew up as the daughter of one of the most influential evangelical leaders of our time, who questioned her early religious convictions somewhere along the way and who, from the embers of that doomed plane ride, finally found her faith.

"Sagal takes you through the highs and lows of her life, from the tragic deaths of her parents to her long years in the Los Angeles rock scene, from being diagnosed with cancer at the age of twenty-eight to getting her big break on the fledgling FOX network as the wise-cracking Peggy Bundy on the beloved sitcom Married with Children. Sparse and poetic, Grace Notes is an emotionally riveting tale of struggle and success, both professional and personal: Sagal's path to sobriety; the stillbirth of her first daughter, Ruby; motherhood; the experience of having her third daughter at age fifty-two with the help of a surrogate; and her lifelong passion for music."--Jacket.
