By adding existing available light to a post sunset environment you can get spectacular photos. About the photos: The photos from the Delta Queen were shot after sunset along the river in Decatur, Alabama using a Canon EOS 5D and a 24-70mm f2.8 lens. The exposure was ISO 800 at about 1/4 second at f2.8.

candles, fire, neon, to name a few. The available light around us is a great opportunity for our photography and photographers should be passionate about making best use of this light when capturing a photo.

~~Finding And Working With Available Light~~

Available-light photography has always held the allure of intimacy. Other genres reach for grandeur and beauty or the brutal impact of graphic truth. Available light offers something else: the...
