Endorsed for Edexcel Develop your students' knowledge of the foundations of modern psychological understanding with this detailed textbook for Edexcel AS and A level Psychology, with targeted activities and clear explanations to build practical, mathematical and problem-solving skills Written by experienced author and examiner Christine Brain, this AS and year one A level textbook is fully mapped to the new Edexcel specification. - Helps students build their confidence in practical, mathematical and problem-solving skills through well-presented explanations and activities - Develops understanding and helps each student reach their potential with the essential information covered in a clear, logical format, supported by illustrations, questions and extension tasks - Supports you and your students through the new specification, with accessible coverage of all the key areas of Psychology for AS and year one of A level - Encourages your students to develop their interest in Psychology and its applications, with extension tasks and relevant content

If you're studying for a GCSE in Psychology you'll need a revision guide that tells you everything you need to know. This accessible and interactive book covers all compulsory and all optional topics on the GCSE Edexcel Psychology syllabus introduced in 2017, including development, memory, psychological problems, brain and neuropsychology, social influence and research methods. It summarises the specification material clearly and attractively, enabling you to easily digest and retain the information ready for your exams. Packed full of revision ideas and techniques designed to help you cement your knowledge, the book includes a number of unique and helpful features, such as: Expert tips from an experienced senior examiner to clarify key points and help you avoid making common errors Sample exam questions to aid practice Active learning tasks, such as key definitions and word gaps Double page spreads outlining the studies you need to know, and their strengths and weaknesses Coverage of the new compulsory mathematical element which was brought into the specification in 2017 Perfect for revising psychological concepts, theories and studies in relation to the three critical assessment objectives, Psychology GCSE Revision Guide for Edexcel is an essential resource for anyone taking a psychology GCSE using the Edexcel specification.

Reinforce understanding throughout the course with clear topic summaries and sample questions and answers to help students target higher grades. Written by experienced teacher and subject expert Christine Brain, our Student Guides are divided into two key sections - content guidance, and sample questions and answers. Content guidance will: - - Develop understanding of key concepts and terminology; this guide covers applications of psychology: clinical, criminological, child and health psychology. - - Consolidate knowledge with 'knowledge check questions' at the end of each topic and answers in the back of the book. Sample questions and answers will: - - Build understanding of the different question types, so that students can approach each question with confidence. - - Enable students to target top grades in Paper 2 with sample answers and commentary explaining exactly why marks have been awarded.
