At death, the suicidal person merely "steps into" this hellish spiritual condition they created during life. All too often, people kill themselves without thinking how it will affect others. For example, my sister's father-in-law was bipolar and in a serious depression when he killed himself with a gun blast to his chest.

### I Will Not Kill Myself, Olivia by Danny Baker (Paperback ...

It appears that there's absolutely no safe and painless way to kill yourself. There's always some possibility that it goes all wrong and you die an awful death. Or, you survive and live with a kind of physical disability, becoming a burden for someone who will have to take care of you possibly for decades.

### How to Kill Yourself - Top 10 Easiest and Cheapest Methods ...

NO-HARM CONTRACT I,, agree to not harm myself in any way, attempt to kill myself, or kill myself during the period from to, (the time of my next appointment). I agree that, for any reason, if the appointed session is postponed, canceled, etc., that this time period is extended until the next direct meeting with my counselor.

First love never dies, but can depression bury it alive? Like most young adults, Jimmy Wharton is trying to carve out a happy, successful life for himself. It's hard enough to do under any circumstances, but when he starts suffering from depression, becoming the person he wants to be feels overwhelmingly unachievable, as his illness seems destined to shatter his world. Olivia, Jimmy's high school sweetheart and long-term girlfriend, initially tries to support him in every way she can. But as Jimmy spirals downwards, their relationship begins to break at the seams, and they are forced to face the devastating reality that as strong as they know their love is, the force of Jimmy's depression could be even stronger. Set against the backdrop of Sydney's iconic Manly Beach, "I Will Not Kill Myself, Olivia" is a tale about the intoxicating, heartbreaking, unforgettable experience of first love; about all the mistakes we make on the road to adulthood; and about an illness that afflicts 350 million people worldwide. You'll find this book appealing if: You're a fan of gritty, passionate love stories You want to relive the highs, the lows and the intoxicating rush that's unique to first love You're a young adult wanting to read about another young adult striving for the same things you are You're interested in understanding depression better; you suffer from depression yourself and you want to feel like you're not alone; or you want to see how you can better support a loved one with depression You're a parent of a young adult wanting to understand how easily your child can tumble into depression, and wanting to prepare yourself to be able to recognise the symptoms if they ever do (tragically, depression strikes about 20% of teens). You're unlikely to enjoy this book if you: Despise swearing Are put off by explicit sex scenes Are after a light-hearted story Editorial Reviews "Centred around Jimmy and Olivia's heartfelt, passionate and troubled love, I WILL NOT KILL MYSELF, OLIVIA is a painfully honest, authentic and provocative novel ... one that presents a mesmerising portrayal of the all-consuming force of depression that dominates the main character ... one that takes the reader on a highly emotional journey ... and one that achieves a perfect balance of emotions, action and drama." The Columbia Review "A modern day Romeo and Juliet - a powerful, heartwrenching story that takes you on an emotional rollercoaster ride as Jimmy and Olivia try to hang on desperately to love in the face of Jimmy's mounting depression." Nick Bleszynski, bestselling author "An explicitly realistic, absolutely intriguing and stunningly gritty novel ... one that snatches the reader's attention right from the start ... and one that provides fantastic food for thought for all young adults." Pacific Book Review "A romance story that tugs at the heart, and entices readers with pure raw emotion ... from steamy, unadulterated throes of passion to being tossed into the deepest, darkest depths of despair, Baker creates an immersive world for Jimmy and Olivia ... you will feel their love, experience their torment, and empathize with their pain." San Diego Book Review "While the protagonist's story can help people with depression to face their own problems and help non-sufferers understand the illness, I WILL NOT KILL MYSELF, OLIVIA will also appeal to a much broader audience - including young adults, who can view typical young adult behaviour from a different perspective; and parents, who after reading this book, may choose to become more attentive to their children." Portland Book Review "One of the most singularly powerful books about depression on the market." Midwest Book Review

This is a frank, compassionate book written to those who contemplate suicide as a way out of their situations. The author issues an invitation to life, helping people accept the imperfections of their lives, and opening eyes to the possibilities of love.

"Sue Blauner's you-are-there account . . . offers insight and understanding to anyone who has been touched by suicide."—Joan Anderson,

## File Type PDF I Will Not Kill Myself Olivia Kindle Edition

author of *A Year by the Sea* An epidemic of international proportions, suicide has touched the lives of nearly half of all Americans, yet is rarely talked about openly. In this timely and important book, Susan Blauner breaks the silence to offer guidance and hope for those contemplating ending their lives—and for the loved ones who want to help them. A survivor of multiple suicide attempts, Blauner eloquently describes the feelings and fantasies surrounding suicide. In a direct, nonjudgmental, and loving voice, she offers affirmations and suggestions for those experiencing life-ending thoughts, and for their friends and family. Here is an essential resource destined to be the classic guide on the subject.

A highly imaginative and relatable guide for anyone who needs the reassurance that suicide is NEVER worth it. Are you inclined to escape the crumminess of everyday life into fantasy worlds? Are you smart and imaginative in a way that isn't really suited to your surroundings? Are you definitely misunderstood, likely angry, and almost certainly depressed? Set Sytes, hailing from the UK, would prefer you stay alive and sort things out rather than the alternative, thanks. He figures there are better opportunities for you out there and lays it all out in a way that's compelling, funny, sharp, and useful. This zine turned book (please don't call it a self-help guide, asks the author) is ultimately about how to be a person in the world. It can be done non-miserably, we promise.

The struggle with depression and anxiety affects so many of us. Being able to overcome these crippling issues is easier said than done. *I Won't Kill Myself Today: Poems & Reflections from a Depression & Anxiety Survivor* is a collection of riveting poems meant to inspire, provide hope, and show others they are not alone. Born from the author's personal struggles, each poem is lovingly crafted and filled with raw emotion.

Drawing on extensive clinical and epidemiological evidence, as well as personal experience, Thomas Joiner provides the most coherent and persuasive explanation ever given of why and how people overcome life's strongest instinct, self-preservation. He tests his theory against diverse facts about suicide rates among men and women; white and African-American men; anorexics, athletes, prostitutes, and physicians; members of cults, sports fans, and citizens of nations in crisis.

For much of his thirties, Jesse Bering thought he was probably going to kill himself. He was a successful psychologist and writer, with books to his name and bylines in major magazines. But none of that mattered. The impulse to take his own life remained. At times it felt all but inescapable. Bering survived. And in addition to relief, the fading of his suicidal thoughts brought curiosity. Where had they come from? Would they return? Is the suicidal impulse found in other animals? Or is our vulnerability to suicide a uniquely human evolutionary development? In *Suicidal*, Bering answers all these questions and more, taking us through the science and psychology of suicide, revealing its cognitive secrets and the subtle tricks our minds play on us when we're easy emotional prey. Scientific studies, personal stories, and remarkable cross-species comparisons come together to help readers critically analyze their own doomsday thoughts while gaining broad insight into a problem that, tragically, will most likely touch all of us at some point in our lives. But while the subject is certainly a heavy one,

Bering's touch is light. Having been through this himself, he knows that sometimes the most effective response to our darkest moments is a gentle humor, one that, while not denying the seriousness of suffering, at the same time acknowledges our complicated, flawed, and yet precious existence. Authoritative, accessible, personal, profound—there's never been a book on suicide like this. It will help you understand yourself and your loved ones, and it will change the way you think about this most vexing of human problems.

A revised collection with thirteen essays, including six new to this edition and seven from the original edition, by the “star in the American literary firmament, with a voice that is courageous, honest, loving, and singularly beautiful” (NPR). Brilliant and uncompromising, piercing and funny, *How to Slowly Kill Yourself and Others in America* is essential reading. This new edition of award-winning author Kiese Laymon's first work of nonfiction looks inward, drawing heavily on the author and his family's experiences, while simultaneously examining the world—Mississippi, the South, the United States—that has shaped their lives. With subjects that range from an interview with his mother to reflections on Ole Miss football, Outkast, and the labor of Black women, these thirteen insightful essays highlight Laymon's profound love of language and his artful rendering of experience, trumpeting why he is “simply one of the most talented writers in America” (New York magazine).

Have other self-help and personal empowerment books given you a sense of hope, yet failed to deliver lasting relief? Are you feeling so unhappy- or so chronically depressed and anxious- that you just can't generate enough energy to "process your issues" and unload your emotional baggage? If so, you may finally have come to the right place!"Don't Kill Yourself...Yet" offers readers long-term relief from mental misery, without requiring a lot of tiresome psychological processing. In a colorful, irreverent voice, author Michael McTeigue shares The Seven Life Hacks, which are destined to improve your thoughts, feelings, and actions in a very short time. The secret to crushing depression and anxiety lies in resurrecting your life force. Four key factors are annihilating your life force, from moment to moment, every day: your thoughts, your interactions with others, the circumstances of your daily grind, and your relationship with your body. Michael, who overcame his own depression, gives you his simple yet memorable life hacks to shield your life force in every situation you encounter. As you consistently conquer the energies that diminish you in the present moment, your life force miraculously renews itself, and your mental and emotional suffering dissipates. You start to feel like your "old self"-like your real self-again. "Don't Kill Yourself...Yet" is not for everyone. It's not an inspirational pep talk about the power of positive thinking. It doesn't even promise enduring happiness, success, and emotional fulfillment. But if permanent relief from constant mental misery-and clawing your way back up to "Neutral"-is exactly what you are looking for just now, The Seven Life Hacks are your ticket to a better tomorrow!ABOUT THE AUTHORMichael McTeigue considers himself the quintessential disillusioned New Age idealist. As a young man, he enthusiastically embraced the great promise of the human potential movement and mankind's imminent spiritual awakening. When the dawn of the new millennium came and went and nothing much changed, Michael gradually descended into a dogged depression born of thwarted ambitions and broken dreams. He spent the ensuing years digging his way out. In the process, Michael developed The Seven Life Hacks, which he hopes will help lighten the load for each person who tries them. Michael has written four books. He is married with two daughters and resides in Northern California. Contact Michael at [The7LifeHacksATgmail.com](mailto:The7LifeHacksATgmail.com). ABOUT THE ILLUSTRATOR Lawrence Moorcroft is a commercial artist, illustrator, and feature film animator. He has designed and built theme park rides and monsters in glass fiber. He enjoys drawing and illustrating books and children's stories.
