Never Mind (Patrick Melrose) Summary & Study Guide

Never Mind is a book about several people from high society, some of whom are dysfunctional and some are pure evil, and a child who has to live among them. There are five novels about Patrick Melrose. This first one tells about a single day from Patrick's childhood. The novel was published in 1992. Patrick is just five years old in the story (so the photo of Cumberbatch on the cover is quite misleading even though he played grown-up Patrick in the series based on the novels).
