Aiming to bridge the gap between theory and application, this work focuses on strategic management.

Marketing Management, 9/e, by Peter and Donnelly, is praised in the market for its organization, format, clarity, brevity and flexibility. The goal of this text is to enhance students' knowledge of marketing management and to advance their skills in utilizing this knowledge to develop and maintain successful marketing strategies. The six stage learning approach is the focus of the seven unique sections of the book. Each section has as its objective either knowledge enhancement or skill development, or both. The framework and structure of the book is integrated throughout the sections of the new edition. The basic structure of the text continues to evolve and expand with numerous updates and revisions throughout.

The distinguishing mark of the 19th edition is its enriched and enlivened presentation of the material in each of the 12 chapters, providing an as up-to-date and engrossing discussion of the core concepts and analytical tools as you will find anywhere. There is an accompanying line-up of exciting new cases that bring the content to life and are sure to provoke interesting classroom discussions, deepening students' understanding of the material in the process. While this 19th edition retains the 12-chapter structure of the prior edition, every chapter –indeed every paragraph and every line – has been re-examined, refined, and refreshed. New content has been added to keep the material in line with the latest developments in the theory and practice of strategic management. In other areas, coverage has been trimmed to keep the book at a more manageable size. Scores of new examples have been added, along with 16 new Illustration Capsules, to enrich understanding of the content and to provide students with a ringside view of strategy in action. The result is a text that cuts straight to the chase in terms of what students really need to know and gives instructors a leg up on teaching that material effectively. It remains, as always, solidly mainstream and balanced, mirroring both the penetrating insight of academic thought and the pragmatism of real-world strategic management. Thompson 19e, your best case scenario!

Allowing the reader to learn how and why the world's leading marketers are growing customer share, this text shows how to successfully increase the amount of business from loyal customers.

This Global edition has been designed specifically to meet the needs of international financial accounting students. The text successfully implements a real-world, single focuscompany approach in every chapter. The companies chosen are engaging and the decision-making focus shows the relevance of financial accounting in the real world. In addition to the latest examples of both contemporary and traditional topics, new material has been added to make the content more relevant and improve learning outcomes for the international student.

THE NEXT BIG THING IN BUSINESS INNOVATION—FROM THE NEXT GENERATION'S

BRAND WHISPERER What can an oil company (Pennzoil) learn from a great place to hang out (Starbucks) to create a new customer experience (Jiffy Lube)? If you're a manager, an executive, or an entrepreneur, you understand that your business is unique, with its own challenges and rewards. But thanks to the new science of the Business Genome® process, you'll be surprised to see how many businesses share a similar "genetic" structure. And by understanding what works and what doesn't for your business's genomic type, you can play to your strengths, adapt to your weaknesses, and change the course of your company's future. Business Genome project creator Andrea Kates calls it Find Your Next—a field-tested, customized blueprint for mapping out your business DNA in four powerful steps: 1. Sort through your options and assess your hunches. 2. Match your genome to other successful business models. 3. Hybridize your company by grafting new ideas with proven successes. 4. Adapt and thrive by breaking old habits and starting new trends. This high-impact, transformative guide walks you through every step of the process, combining intuition and experience with statistical data and fascinating case studies. You'll learn how two unrelated businesses—Hyatt Hotels and Sharp HealthCare—discovered untapped opportunities in their customer experience. You'll read how General Motors and OnStar hit the jackpot by examining something that wasn't there. You'll find in-depth interviews with GE's Mark Vachon, IndieGoGo's Danae Ringelmann, P.F. Chang's Rick Federico, and other leaders of innovation. And you'll learn how to crack the genetic code behind the six essential building blocks of business—product and service innovation; customer impact; talent, leadership, and culture; process design; trendability; and secret sauce. Once you unlock the secret of your company's DNA, you can evolve your strategy, build your future, and find your next.

PRAISE FOR FIND YOUR NEXT "When you add it all up this is indeed a time of great change and arguably much of what we know about management today is becoming obviated. Which is why Find Your Next is such a helpful contribution to every manager's arsenal. It embraces the shift from industrial models to models for the 21st century. And it's a great read—packed with great stories and tons of practical advice. Read, enjoy and prosper." Don Tapscott, from the Foreword of Find Your Next "Every great strategic thinker uses the ideas in this book... but it took Andrea Kates to write them down for the rest of us." Seth Godin, author of We Are All Weird "Andrea Kates is this generation's new 'brand whisperer' and Find Your Next is the best toolkit for landing on your company's 'next.'" Lane Cardwell, President, P.F. Chang's China Bistro "Andrea Kates's ideas about the Business Genome project are cutting edge. They will completely transform the way we think about the impact of cross-organizational connections as a way to fuel business growth." James Fowler, author of Connected: The Surprising Power of Our Social Networks and How They Shape Our Lives, and Professor of Medical Genetics and Political Science/UC San Diego "Find Your Next combines radical thinking, innovative insight and real world experience to give corporate leaders a powerful compass in this era of unprecedented economic challenge." Catherine Crier, former judge, journalist and New York Times bestselling author "Years ago I thought about what was next for music fans and turned to lessons learned from NASCAR and the NFL (not other musicians) to come up with the inspiration for the Lollapalooza festival. That's exactly what Find Your Next provides—an easy-to-follow guide to game-changing innovation based on cross-industry thinking." Perry Farrell, founder of Lollapalooza festival and legendary rock frontman for Jane's Addiction "The difference between a great idea and a great business result is the ability to integrate insights from lots of different sources and get an entire organization on board quickly. Kates is onto something truly novel—Find Your Next could easily become the new industry standard for innovation. A must-read." Mark Vachon, GE Company Officer "If you thought you've been thinking creatively about your business, get ready for a new ride. In her book, Andrea Kates describes the Business Genome approach—a radically fresh roadmap to infuse innovative change into your business. Pure magic." Nick Pudar, Vice President Strategy & Business Development, OnStar "Andrea has a deep technical understanding based on years of global experience in innovation combined with a rare talent for communicating important issues very simply. The approach she describes in Find Your Next is so easy to grasp—you'll see things differently and be able to lead your teams in refreshing new directions." Herwig Maes, Director of Strategic Sourcing & Supplier Relationship Management, Johnson & Johnson

“Find Your Next is the missing book on every business leader’s book shelf that fits right between Michael Porter and Malcolm Gladwell. It’s the playbook we’ve been wanting for hands-on innovation.” Emily Watkins, Sr. Vice President, Innovation & Product Development, Jones Lang LaSalle “What every business leader wants is tomorrow’s news, today. Find Your Next provides exactly that—a manifesto for innovators based on time-tested techniques. Mandatory reading.” Tom Stat, Executive Director, Edison Universe; Adjunct Lecturer, Farley Center for Entrepreneurship and Innovation, McCormick School, Northwestern University; and independent innovation consultant “Find Your Next brings together a collection of insights and approaches that challenge everyone in an organization—from the CEO to the front line—to be nimble and build new muscles for rapid innovation. It disrupts the patterns of incremental growth from traditional strategic planning. The result is a process that can get your organization to market faster and leapfrog the competition.” Alistair Goodman, CEO, Placecast
