Priapic - definition of priapic by The Free Dictionary

A phallus is a penis, an object that resembles a penis, or a mimetic image of an erect penis. In art history a figure with an erect penis is described as ithyphallic. Any object that symbolically—or, more precisely, iconically—resembles a penis may also be referred to as a phallus; however, such objects are more often referred to as being phallic. Such symbols often represent fertility and cultural implications that are associated with the male sexual organ, as well as the male orgasm.
