Based on a transcript from the documentary: Reading the Alhambra. When you visit the Alhambra, you will enter into the most original and beautiful architectural world of words. Nasrid Palace. Image by jacqueline macou from Pixabay. The visual of the semantic prominence of its devout, regal volitive and Quranic phrases and sentences, inscribed in a subtle variety of Kufic and cursive lettering, combined with the images of its mural verse and calligrams, turn it into a magnificent tri ...

Based on a transcript from the documentary: Reading the Alhambra. The inscriptions of verses from the Qur'an provide the buildings with sacred evocations of both the earthy and heavenly paradise, such as those in the oldest of the niches for jars of water in the Alhambra at the entrance of the hall of the Partal Palace. Their thirst will be slaked with pure wine sealed to others.

This was the book that cemented the Alhambra's romantic reputation in the minds of the Anglophone reading public. Based on Irving's three-month stay in the palace in 1829, *Tales of the Alhambra* is presented as a series of traveloguish essays and historical sketches, although they really have more to do with his grand ideas about lost Moorish glories than any realities of medieval Andalusia.

How do they attain that roundedness, becoming a receptacle where time is, and is not, fixed? The clearest depiction I've read of this phenomenon is from Virginia Woolf's memoir, *Moments of Being*, in which she writes of lying in bed in the nursery of her family's home at St. Ives, half-awake and blissfully comfortable. She writes that it was like "lying in a grape," which is an appealingly odd way to explain how the sensory inputs of the moment—the rush and hiss of waves ...
