AMP™ is a Distributed Energy Resource Management System (DERMS) that monitors energy signals from the grid, the environment and your facility. Proprietary algorithms interpret these signals to predict economic opportunities. When these occur, Tangent AMP™ alerts customers and in conjunction with Demand Design™ actively manages pre-determined customer responses to maximize economics and minimize disruption.

Tangent AMP™ - DERMS technology -

Tangent AMP

The Tangent Ampster is the best inexpensive class D amp i have tried. It is powerful and has excellent build quality. This little powerhouse weighs in at almost 4 pounds. If you are looking for a compact, powerful and well built amp , i would highly recommend the Tangent Ampster.
