Warning: This book contains a scene of mild assault and battery. Most of his young life, Morgan Wentworth has dreamed of becoming a principal dancer in a prestigious corps de ballet. After years studying the art in Milan, Morgan comes home to New York City to apprentice with the Manhattan Ballet Company only to be hit by the unexpected death of his older brother, Jake. The grieving dancer learns his life is threatened by a dangerous rival motorcycle gang and that pierced, tattooed, HOT biker Zeke Ivers has been assigned by Jake's MC to guard him. Saddled with the constant presence of the infuriating man, Morgan juggles the demands of an exhausting dance schedule as well as his new responsibilities as CEO of his family's multi-million-dollar company. He never expects to develop an attraction for the straight, obnoxious biker, but that's exactly what happens. Estranged from an abusive family, Zeke Ivers has lived at the Sentinel's club house and worked on cars since he was a teen. When fellow club member Jake Wentworth and a rival club president's girl are killed on Jake's bike, the Sentinel's president delegates the protection of Jake's little brother, Morgan, to Zeke. Zeke would do anything for the club that pulled him off the streets, but Morgan's a ballet dancer, for Christ's sake, as well as annoying as hell. Still, Zeke finds himself inexplicably drawn to the young man. The more attracted Zeke becomes to Morgan, the more the biker is forced to examine his sexuality and decide whether two people from opposite sides of the tracks could possibly have a future together, or if Zeke should do what is fast becoming too painful to consider: let Morgan go.

CEO Evan James remains so grief-stricken at the death of his life-partner that he shuts down emotionally. In a world where the economy has totally collapsed, high level executives are forced to pass mental health evaluations each year. One of the components of this examination revolves around sexual health. In order to keep his position, Evan must pass this test. To avoid having a real relationship, Evan shops for a tax slave. The IRS happens to have on offer, Jeremy Paxton, an old acquaintance of Evan's. Evan decides to kill two birds with one stone by purchasing his friend. He can save Jeremy from cruel treatment and himself from having to enter into an actual relationship. Jeremy has different plans and finds himself having to seduce his own master.

Unlike the average American college student, Gabriel Walker is not looking forward to his summer break from college. All of his friends are gone, with the exception of his roommate, Darien. He plans to spend the summer working to pay for his off-campus apartment, but all of that changes when Darien drags him to a house party held to kick off the summer break. There he meets a tattooed man with long hair and golden boots who completely turns his world upside down. Xander Bennett is comfortable with his sexuality, and he isn't afraid to show it. His biggest flaw is the fact that he seems to have a thing for straight men. When he meets Gabriel at a party hosted by mutual friends, he knows he should keep his distance, but what he knows and what he feels are two different things. Gabriel thought he was straight, but Xander is making him question everything he thought he knew about himself. They spend the warm months getting to know each other, but the question plaguing both of their minds is ever-present. Is this a relationship that will last beyond the summer? The steamy scenes paired with the self discovery of these characters will touch your heart, and the little bit of drama will have you celebrating their happy ending.

Welcome to Brawlers Bar... A quick pit stop for a comfortable bed to sleep turned into an eight year stay. Vincent "Crave" Butler hit the road the day after college graduation and hadn't looked behind him since. He'd swore to never stop moving, but the night he drove into Powers, Georgia changed the course of his life. He'd hit a bar called Brawlers with its rundown exterior and pride flag beside the door, the next day he had a job. Second in command to the Head of Brawler security, Crave found the place he didn't have to run from. No one would call Crave sane. He lived to make people as uncomfortable as possible just for his own twisted amusement. That all changed when a certain cute as fuck bartender walked in for an interview. No one wanted Twitch Harrison around for the long term. He was small, femme and annoying on his best days, downright abhorrent on his bad ones. When college turned out to be a no-go and the parents canceled his credit cards he'd needed a job. Walking into Brawlers, the roughest gay bar in his hometown, was like a game of pick the thing that didn't belong-him. The two owners, Scary and Tank, hired him on and a year later he was still that thing that didn't belong. No one made it more apparent than bouncer Crave Butler who didn't hide the fact he barely tolerated Twitch's presence. Crave threatened every man who thought they'd get the pretty Twitch, but would Twitch rather be in their beds than his? Only one way to find out and he hoped Twitch was ready for forever because that's what Crave was determined to have.

"Even though we lived a few blocks away in our neighborhood or sat a seat or two away in elementary school, a vast chasm of class and racial difference separated us from them."—From the Introduction What is it like to be white, poor, and socially marginalized while, at the same time, surrounded by the glowing assumption of racial privilege? Kirby Moss, an African American anthropologist and journalist, goes back to his hometown in the Midwest to examine ironies of social class in the lives of poor whites. He purposely moves beyond the most stereotypical image of white poverty in the U.S.—rural Appalachian culture—to illustrate how poor whites carve out their existence within more complex cultural and social meanings of whiteness. Moss interacts with people from a variety of backgrounds over the course of his fieldwork, ranging from high school students to housewives. His research simultaneously reveals fundamental fault lines of American culture and the limits of prevailing conceptions of social order and establishes a basis for reconceptualizing the categories of color and class. Ultimately Moss seeks to write an ethnography not only of whiteness but of blackness as well. For in struggling with the elusive question of class difference in U.S. society, Moss finds that he must also deal with the paradoxical nature of his own fragile and contested position as an unassumed privileged black man suspended in the midst of assumed white privilege.

He was the Beast without the escape clause. Francis "Liv" Livingston was a beast. No matter if he wore a perfectly tailored suit or if he was in his tactical gear, people avoided looking at him. He was always first to volunteer for the jobs only a person with a death wish wanted. Tomorrows weren't guaranteed. His boss had come to him and told him he needed him for a job. Linus knew the jobs he liked, but when he opened the file, it all went to hell. Beauty was only skin deep. Fielding Haskell made his way in the world on his looks. He'd earned his first film role before he could read a script. He didn't want the fame. He wanted to go to college. He wanted a man who didn't look at him and see how pretty he was. Unfortunately, a so-called fan only cared how attractive he was, and it earned him a personal bodyguard and a vacation. He looked forward to the break until he met the man in charge of his safety and wondered if the danger he left was worth dealing with a sudden attraction to a man who was colder than ice.

A collection of essays by a pioneering queer anthropologist.

Through an interview-based study, Victoria Pitts has researched the subcultural milieu of contemporary body modification, focusing on the ways sexuality, gender and ethnicity are being reconfigured through new body technologies - not only tattooing, but piercing, cyberpunk and such 'neotribal' practices as scarification. She interprets the stories of sixteen body modifiers (as well as some subcultural magazines and films) using the tools of feminist and queer theory. Pitts not only covers a hot topic but also situates it in a theoretical context.

On Australia's hottest beach, the most dangerous current is between them. Training to be a lifeguard is tough work, but Cody Grant loves a challenge. He spends long days in the sun and surf rescuing swimmers from treacherous rip currents while trying not to lust after senior lifeguard Liam Fox—who is deeply, painfully closeted. Liam was supposed to be a football legend. Now in his mid-thirties, it's been over a decade since his dream shattered along with his knee. Fans still recognize him regularly, and he's terrified his sexuality will be discovered and his conservative parents will reject him. He has strict rules to protect his secret and keeps everyone at arm's length. Liam never acts on his need to surrender after being shamed for it years ago by the first and only man he trusted. Out and proud Cody fascinates Liam—and tempts him to break all the rules. Cody is practically half Liam's size and age, but has the confidence and compassion to take charge and give Liam the release, affection, and acceptance he desperately craves. But how long can a secret affair satisfy their hearts? As if saving lives isn't hard enough, Cody faces his greatest challenge yet convincing Liam to trust him and find the courage to live out loud. Flash Rip is an M/M gay romance from Keira Andrews featuring a slow burn, an age gap, scorching first times, and of course a happy ending.
