Happiness is excellent for business. A cheerful worker is as much as 12% more productive. A science of human sentiments — what Davies calls " the surveillance, management and government of our...

The Happiness Industry by William Davies review — why ...  
Tracing the roots in utilitarian philosophy and organisational psychology of the UK ' s booming " happiness industry " from the 1990s onwards, he argues that Jeremy Bentham " set the stage for the entangling of psychological research and capitalism that would shape the business practices of the twentieth century " .

The Happiness Industry: How the Government and Big ...  
In the past decade, governments and corporations have become increasingly interested in measuring the way people feel: ' the Happiness index ', ' Gross National Happiness ', ' well-being ' and positive psychology have come to dominate the way we live our lives. As a result, our emotions have become a new resource to be bought and sold.

The Happiness Industry: How the Government and Big ...  
One of the great strengths of the Happiness Industry is that it is readable, clear and engaging. It looks at an important issue and does throw light on how the science of measuring our moods can pose a trap. But ultimately I am not sure that an entity called happiness industry exists in any meaningful way.
