The Queen's Conjuror: The Science and Magic of Dr. John Dee, Advisor to Queen Elizabeth I. A fascinating portrait of one of the most brilliant, complex, and colorful figures of the Renaissance. Although his accomplishments were substantial -- he became a trusted confidante to Queen Elizabeth I, inspired the formation of the British Empire, and plotted voyages to the New World--John Dee's story has been largely lost to history.

September 2002 The Queen's Conjuror - The life and magic of Dr Dee Although some people might find maths deadly boring, very few of us would think it could ever be deadly dangerous. But deadly it was in 16th century England, and one of those who followed the dangerous and mystical path of a mathematician was John Dee, the subject of this book.

The Queen's Conjuror - Los Angeles Public Library - OverDrive

The Queen's Conjuror John Dee was a 16th century adviser to Queen Elizabeth, and a scientist and magician when those two professions were indistinguishable. To do this, Dee enlists the help of Edward Kelley, a scryer, medium, and possible charlatan.

The fascinating and often overlooked life of John Dee, a scientist and trusted advisor to Queen Elizabeth I resurrects one of the most colorful and interesting Renaissance men. Reprint. 15,000 first printing.

Dee was one of the most influential philosophers of the Elizabethan Age. A close confidant of Queen Elizabeth, he helped to introduce mathematics to England, promoted the idea of maths as the basis of science, anticipated the invention of the telescope, charted the New World, and created one of the most magnificent libraries in Europe. At the height of his fame, Dee was poised to become one of the greats of the Renaissance. Yet he died in poverty and obscurity - his crime was to dabble in magic .

Outlandish alchemist and magician, political intelligencer, apocalyptic prophet, and converser with angels, John Dee (1527-1609) was one of the most colorful and controversial figures of the Tudor world. In this fascinating book—the first full-length biography of Dee based on primary historical sources—Glyn Parry explores Dee's vast array of political, magical, and scientific writings and finds that they cast significant new light on policy struggles in the Elizabethan court, conservative attacks on magic, and Europe's religious wars. John Dee was more than just a fringe magus, Parry shows: he was a major figure of the Reformation and Renaissance.

The year is 1584. The alchemist John Dee has turned to forbidden magic. In partnership with a visionary rogue, an ex-nun and a court beauty, he's fled across Europe, dogged by the Inquisition and a relentless assassin. Finally, Dee's magic seems to yield fruit. Angels (or are they demons?) promise to reveal the secret of transmuting lead into gold. There is only one hitch: Dee and his companions must first commit an unforgivable sin. Based on real-life diaries and historical accounts, Sorcerer recreates a world of death, sex and politics where everyone believes that both that magic is real and that otherworldly beings can be summoned at will. "A cinematic blend of history and magic." - David Rotman, producer of DragonHeart and Cliffhanger "An entertaining story." -Benjamin Woolley, author of The Queen's Conjuror "An intricate tapestry of the historical and the alchemical that casts an authentic spell over the reader. A vivid tale vigorously told, it may bring visions upon you " - Ramsey Campbell, Lifetime President, British Fantasy Society

Joshua Cross's enemy, Leirtod, is back with a vengeanceSwept back to 1590s London and placed in the care of Dr Dee, the Queen's Conjuror, mathematician, astrologer, and occasional dabbler in the occult, Joshua soon discovers that his friend Dido is in mortal danger.....With Dee's aid Joshua must reach her before Leirtod does and death is dealt. Dee however is surrounded by his own demons: spies set up to burn him for his Catholic sympathies.....This is an action packed novel that treads the dark side of the Elizabethan court where treachery and intrigue abound.

The inside of Derren Brown's head is a strange and mysterious place. Now you can climb inside and wander around. Find out just how Derren's mind works, see what motivates him and discover what made him the weird and wonderful person he is today. Obsessed with magic and illusions since childhood, Derren's life to date has been an extraordinary journey and here, in Confessions of a Conjuror, he allows us all to join him on a magical mystery tour - to the centre of his brain... Taking as his starting point the various stages of a conjuring trick he's performing in a crowded restaurant, Derren's endlessly engaging narrative wanders through subjects from all points of the compass, from the history of magic and the fundamentals of psychology to the joys of internet shopping and the proper use of Parmesan cheese. Brilliant, hilarious and entirely unlike anything else you have ever read before, Confessions of a Conjuror is also a complete and utter joy.

Outlandish alchemist and magician, political intelligencer, apocalyptic prophet, and converser with angels, John Dee (1527-1609) was one of the most colorful and controversial figures of the Tudor world. In this fascinating book—the first full-length biography of Dee based on primary historical sources—Glyn Parry explores Dee's vast array of political, magical, and scientific writings and finds that they cast significant new light on policy struggles in the Elizabethan court, conservative attacks on magic, and Europe's religious wars. John Dee was more than just a fringe magus, Parry shows: he was a major figure of the Reformation and Renaissance.

From the New York Times bestselling author of *Becoming Queen Victoria*, a new history of Mary Queen of Scots and Elizabeth I that reveals how the most important relationship of their life—their friendship—changed them forever. Elizabeth and Mary were cousins and queens, but eventually it became impossible for them to live together in the same world. This is the story of two women struggling for supremacy in a man's world, when no one thought a woman could govern. They both had to negotiate with men—those who wanted their power and those who wanted their bodies—who were determined to best them. In their worlds, female friendship and alliances were unheard of, but for many years theirs was the only friendship that endured. They were as fascinated by each other as lovers; until they became enemies. Enemies so angry and broken that one of them had to die, and so Elizabeth ordered the execution of Mary. But first they were each other's lone female friends in a violent man's world. Their relationship was one of love, affection, jealousy, antipathy—and finally death. This book tells the story of Mary and Elizabeth as never before, focusing on their emotions and probing deeply into their intimate lives as women and queens. They loved each other, they hated each other—and in the end they could never escape each other.
