Her new series – This Haunteo World – is a set of standalone books set in and around the world’s most haunted places and again, weave fact with fiction. They too have topped the Amazon genre charts in both the UK and the US, along with the more romantic Jessa mine and Conraich.

Psychic Surveys Series | Shani Struthers | United Kingdom

The Venetian is the first book in This Haunted World series; JessamineConraich Carfax House - A Christmas Ghost Story (standalone novella)

A snowstorm, a highway, a lonely hotel... When Caroline Daynes gets stuck in a snowstorm in Williamsfield, PA, an enforced stay at The Egress hotel leaves her changed forever.

A prescient warning of a future we now inhabit, where fake news stories and Internet conspiracy theories play to a disaffected American populace “A glorious book . . . A spirited defense of science . . . From the first page to the last, this book is a manifesto for clear thought.”—Los Angeles Times How can we make intelligent decisions about our increasingly technology-driven lives if we don’t understand the difference between the myths of pseudoscience and the testable hypotheses of science? Pulitzer Prize-winning author and distinguished astronomer Carl Sagan argues that scientific thinking is critical not only to the pursuit of truth but to the very well-being of our democratic institutions. Casting a wide net through history and culture, Sagan examines and authoritatively debunks such celebrated fallacies of the past as witchcraft, faith healing, demons, and UFOs. And yet, disturbingly, in today’s so-called information age, pseudoscience is burgeoning with stories of alien abduction, channeling past lives, and communal hallucinations commanding growing attention and respect. As Sagan demonstrates with lucid eloquence, the siren song of unreason is not just a cultural wrong turn but a dangerous plunge into darkness that threatens our most basic freedoms. Praise for The Demon-Haunted World “Powerful . . . A stirring defense of informed rationality. . . Rich in surprising information and beautiful writing.”—The Washington Post Book World “Compelling.”—USA Today “A clear vision of what good science means and why it makes a difference. . . A testimonial to the power of science and a warning of the dangers of unrestrained credulity.”—The Sciences “Passionate.”—San Francisco Examiner-Chronicle

A series of standalone chilling ghost stories, that are also connected to the bestselling Psychic Surveys series. Are you brave enough to delve in?"That house, that damned house. Will it ever stop haunting me?"After her parents' divorce, five-year old Corinna Greer moves into Blakemort with her mother and brother. Set on the edge of the village of Whitesmith, the only thing attractive about it is the rent. A 'sensitive', Corinna is aware from the start that something is wrong with the house. Very wrong. Christmas is coming but at Blakemort that's not something to get excited about. A house that sits and broods, that calculates and considers, it's then that it lashes out - the attacks endured over five years becoming worse. There are also the spirits, some willing residents, others not. Amongst them a boy, a beautiful, spiteful boy... Who are they? What do they want? And is Corinna right when she suspects it's not just the dead the house traps but the living too? While belief in religious supernatural claims is waning throughout the West, evidence suggests belief in nonreligious supernatural claims is on the rise. What explains this contradiction? How can a society with a falling belief in God have a rising belief in ghosts, psychic powers, ancient astronauts, and other supernatural or pseudo-scientific phenomena? Taking the same anthropological approach he employed in his notable studies of religion, atheist author and activist David G. McAfee turns his attention to nonreligious faith-based claims. Whether going undercover as a medium, getting tested at Scientology headquarters in Los Angeles, or interviewing celebrity paranormalists and famous skeptics, he leaves no stone unturned in his investigation. As in the case of religion, he finds an unwillingness among "believers" to critically examine their most closely held convictions. Only once individuals honestly assess their own sacred cows will they be able to ensure that their beliefs conform to the known facts—and that our decisions as a society are based on the best available evidence.

"[The] book makes a wonderfully cohesive whole. It is rich in ideas, elegantly expressed. I highly recommend it to any serious student of science and culture."--Lucy Horwitz, Boston Book Review "An important and lasting contribution to a more profound understanding of the place of science in our culture."--Hans C. von Baeyer, Boston Sunday Globe "[Holton's] themes are central to an understanding of the nature of science, and Holton does an excellent job of identifying and explaining key features of the scientific enterprise, both in the historical sense and in modern science...I know of no better informed scientist who has studied the nature of science for half a century."--Ron Good, Science and Education Through his rich exploration of Einstein's thought, Gerald Holton shows how the best science depends on great intuitive leaps of imagination, and how science is indeed the creative expression of the traditions of Western civilization.

NEW YORK TIMES BESTSELLER • In the final book of his astonishing career, Carl Sagan brilliantly examines the burning questions of our lives, our world, and the universe around us. These luminous, entertaining essays travel both the vastness of the cosmos and the intimacy of the human mind, posing such fascinating questions as how did the universe originate and how will it end, and how can we meld science and compassion to meet the challenges of the coming century? Here, too, is a rare, private glimpse of Sagan's thoughts about love, death, and God as he struggled with fatal disease. Ever forward-looking and vibrant with the sparkle of his unquenchable curiosity, Billions & Billions is a testament to one of the great scientific minds of our day. Praise for Billions & Billions “[Sagan’s] writing brims with optimism, clarity and compassion.”—Ft. Lauderdale Sun-Sentinel “Sagan used the spotlight of his fame to illuminate the abyss into which stupidity, greed, and the lust for power may yet dump us. All of those interests and causes are handsomely represented in Billions & Billions.”—The Washington Post Book World “Astronomer Carl Sagan didn’t live to see the millennium, but he probably has done more than any other popular scientist to prepare us for its arrival.”—Atlanta Journal & Constitution “Billions & Billions can be interpreted as the Silent Spring for the current generation. . . . Human history includes a number of leaders with great minds who gave us theories about our universe and origins that ran contrary to religious dogma. Galileo determined that the Earth revolved around the Sun, not the other way around. Darwin challenged Creationism with his Evolution of Species. And now, Sagan has given the world its latest challenge: Billions & Billions.”—San Antonio Express-News “[Sagan’s] inspiration and boundless curiosity live on in the gift of his work.”—Seattle Times & Post-Intelligencer “Couldn’t stay awake in your high school science classes? This book can help fill in the holes. Acclaimed scientist Carl Sagan combines his logic and knowledge with wit and humor to make a potentially dry subject enjoyable to read.”—The Dallas Morning News

When you buy this book you get an electronic version (PDF file) of the interior of this book. The perfect coloring book for every child that loves ghosts. 40 coloring pages haunted by ghosts. Art is like a rainbow, never-ending and brightly colored. Feed the creative mind of your child and have fun! Each picture is printed on its own 8.5 x 11 inch page so no need to worry about smudging.

FROM INTERNATIONALLY BESTSELLING AUTHOR ALEXANDRA ADORNETTO COMES THE POWERFUL CONCLUSION TO GHOST HOUSE In the sequel to the page-turning Ghost House, Alexander Reade turns up at Sycamore High not remembering how he got there. But worse, he doesn't remember Chloe Kennedy and believes he has come back to search for his lost love Isobel. Chloe soon realizes that Alex needs her help surviving in the modern world. With his looks and the way he speaks, it's as though he's from another century. Which he is. In fact Alex has been dead for 157 years, but that doesn't change how Chloe feels about him. Chloe begins to experiences dreams that take her to a past life and realizes they are linked to Isobel. But when Isobel appears, Alex and Chloe must accept that the past and the present have collided. Chloe is being hunted by Isobel, who is just as vengeful as ever and out to destroy any bond between Alex and Chloe. And she will do so - no matter the cost. Ages: 12+ years

The Complete Psychic Surveys Companion Novels - Books 1-3 Please note, these are standalone short novels that feed into the bestselling Psychic Surveys series. Book One: Blakemort“That house, that damned house. Will it ever stop haunting me?”After her parents' divorce, five-year old Corinna Greer moves into Blakemort with her mother and brother. Set on the edge of the village of Whitesmith, the only thing attractive about it is the rent. A 'sensitive', Corinna is aware from the start that something is wrong with the house. Very wrong.Christmas is coming but at Blakemort that's not something to get excited about. A house that sits and broods, that calculates and considers, it's then that it lashes out - the attacks endured over five years becoming worse. There are also the spirits, some willing residents, others not. Amongst them a boy, a beautiful, spiteful boy...Who are they? What do they want? And is Corinna right when she suspects it's not just the dead the house traps but the living too?Book Two: ThirteenWhat happened all those years ago, in the dark?In 1977, Minch Point Lighthouse on Skye's most westerly tip was suddenly abandoned by the keeper and his family - no reason ever found. In the decade that followed, it became a haunt for teenagers on the hunt for thrills. Playing Thirteen Ghost Stories, they'd light thirteen candles, blowing one out after every story told until only the darkness remained. In 1987, following her success working on a case with Sussex Police, twenty-five year old psychic, Ness Patterson, is asked to investigate recent happenings at the lighthouse. Local teen, Ally Dunn, has suffered a breakdown following time spent there and is refusing to speak to anyone. Arriving at her destination on a stormy night, Ness gets a terrifying insight into what the girl experienced. The case growing ever more sinister, Ness realises: some games should never be played. Book Three: RosamundCould you find your way through Hell?Ruby Davis runs Psychic Surveys, a high street company specialising in domestic spiritual clearance. Having inherited her ability to see beyond the veil that separates this world and the next from her mother, Jessica, she is busy helping grounded spirits to cross the great divide. In turn, Jessica inherited her gift from her mother, Sarah, and Sarah from Rosamund.Throughout the early twentieth century, Rosamund Davis was a woman held in high regard concerning her mediumship abilities and her pioneering work with London's famous psychical society. She published many papers on psychic matters, although there are some that remain unpublished, for the eyes of the Davis family only. It is these unavailable works concerning the non-spirit that fascinate many - entities born of negative thoughts that subsequently take on their own energy. Entities known as demons.But what caused her to write about such dark matter?From her own notes, in her own words, this is Rosamund's account.~~~ Download the bestselling Psychic Surveys series today or read for FREE in KU:Psychic Surveys Book One: The Haunting of Highdown Hall Psychic Surveys Book Two: Rise to Me Psychic Surveys Book Three: 44 Gilmore Street Psychic Surveys Book Four: Old Cross Cottage Psychic Surveys Book Five: DescensionPsychic Surveys Book Six: Legion DUE SPRING 2019Psychic Surveys Companion NovelsEve: A Psychic Surveys PrequelBlakemort ThirteenRosamundOther books by the author:This Haunted World Book One: The VenetianThis Haunted World Book Two: The Eleventh FloorJessamine (Jessamine Series Book One)Comraich (Jessamine Series Book Two)
